#2025 TEDxVIT Theme

THE ALCHEMY OF CHANGE

Alchemy is an ancient philosophical tradition that aimed to transform matter, most famously through the pursuit of turning base metals like lead into precious metals like gold. Rooted in both spiritual and material pursuits, alchemy combined elements of chemistry, metallurgy, astrology, medicine, and mysticism.

Alchemy, an ancient practice shrouded in mystery however, was more than just the pursuit of turning lead into gold. It was a journey that blended science, philosophy, and spirituality, driven by the belief that everything in the universe could be transformed and elevated. Beyond the literal, alchemy was a metaphor for the human experience-a quest for understanding, growth, and the ultimate truth. It was about taking what is raw and unrefined, and through patience, knowledge, and effort, transforming it into something pure and extraordinary.

"The Alchemy of Change" explores the profound process of turning life's challenges into opportunities for growth and transformation. Drawing inspiration from the ancient practice of alchemy, this talk delves into how we can harness the power of change-both personally and collectively to achieve resilience, innovation, and ultimately, a more fulfilling life. By viewing change not as a threat but as a catalyst forprogress, we can learn to navigate uncertainty with confidence and purpose.

WHAT IS TED ?

TEDx is a grassroots initiative, created in the spirit of TED's overall mission to research and discover "ideas worth spreading." TEDx brings the spirit of TED to local communities around the globe through TEDx events. These events are organized by passionate individuals who seek to uncover new ideas and to share the latest research in their local areas that spark conversations in their communities. TEDx events include live speakers and recorded TED Talks, and are organized independently under a free license granted by TED. These events are not controlled by TED, but event organizers agree to abide by our format, and are offered guidelines for curation, speaker coaching, event organizing and more. They learn from us and from each other. More than 3000 events are now held annually.

The annual TED Conference takes place each spring in Vancouver, British Columbia. TED's media initiatives include TED.com, where new TED Talks are posted daily; the Open Translation Project, which provides subtitles and interactive transcripts as well as translations from volunteers worldwide; the educational initiative TED-Ed. TED has established the annual TED Prize, where exceptional individuals with a wish to change the world get help translating their wishes into action; TEDx, which supports individuals or groups in hosting local, self-organized TED-style events around the world, and the TED Fellows program, helping world changing innovators from around the globe to amplify the impact of their remarkable projects and activities.

ABOUT TEDx

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TED Talks video and live speakers combine to spark deep discussion and connection.

These local, self-organized events are branded TEDx, where x = independently organized TED event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized. (Subject to certain rules and regulations.)

ABOUT TEDXVIT

Our event is called TEDxVIT, where x = independently organized TED event. At out TEDxVIT event, TEDTalks video andl ive speakers will combine to spark deep discussion and connection in a small group. TEDxVIT is formed by a group of students & professors from Vidyalaknar Institute of Technology, Mumbai to bring together bright mind to give talks that are idea- focused and on a wide range of subjects, to foster learning, inspiration and wonder - and provoke conversations that matter.

Each 18 minute (or less) long talk, performance or demonstration will have the power to open the minds of the audience, spark dialogue, and challenge attendees to transgorm ideas into action. Our hope is that TEDxVIT will change the view of open-minded and curious individuals, and will inspire, connect, and shape a new world.

One idea at a time

ABOUT VIT

Vidyalankar Institute of Technology (VIT) was established in 1999 at Dadar, Mumbai, offering three undergraduate engineering programs—Information Technology, Computer Engineering, and Electronics Engineering. In 2001, the institute relocated to its current, centrally located 11-acre campus at Wadala, Mumbai, providing enhanced infrastructure and academic facilities.

In recognition of its academic excellence, VIT was awarded an "A" grade by the Government of Maharashtra in 2005. The institute expanded further in 2006 by introducing two additional undergraduate programs—Electronics and Telecommunication Engineering, and Biomedical Engineering. The same year saw the construction of a state-of-the-art building that received international architectural acclaim.

In 2007, VIT launched its first postgraduate program, the Master of Management Studies (MMS), and introduced an additional division in the Computer Engineering program to meet growing demand. Further infrastructural development took place in 2015 with the construction of an internationally award-winning auditorium featuring an elegant ambience.

In 2022, all undergraduate engineering programs were accredited by the National Board of Accreditation (NBA), valid through June 2025. Additionally, VIT was granted Autonomous Status for the period 2022–23 to 2031–32, providing the institute with greater academic flexibility and the ability to design industry-relevant curricula.

vidyalankar

Endowed with a gift of good academic career, C. S. Deshpande established "Vidyalankar" with the basic objective to satisfy the inner urge of dedicating oneself to the sincere academic pursuit and to guide the eager young students with a missionary zeal, to enhance their worthiness and imbibe the nobler values of life in their receptive minds not by empty words but by one's own example. For over 5 decades, Vidyalankar has been a guiding light and an inspiration. It has been churning students to reach new heights. Vidyalankar's aim has always been to be the best in the field of education and to match international standards and the logo is an extension of our aim. The Vidyalankar logo is an essential part of not only the institution but also the students' who have put their trust in this institution. Knowledge is infinite and so is your potential. The abstract Infinity in the logo represents this limitlessness. The two parts of the logo represents the harmonious relationship between our tutors and the students. The teachers help students, the student helps other students and this harmonious environment is what aids growth, which is represented well in the well balanced logo unit.
